Profile Summary

Full Stack Developer with hands-on experience building and shipping production features across the MERN stack, currently part of a founding engineering team at VenueBook. Skilled in API Development, Microservices, responsive React interfaces, and database integrations. Successfully built and deployed full-stack applications, including an AI-powered mock interview platform and a real-time stock trading platform. Strong foundation in Data Structure and Algorithm, Object Oriented Programming, DBMS, and Computer Networks. Recognized for strong Problem Solving abilities, Logical Thinking, and excellent Communication Skills. Seeking SDE / Full Stack opportunities to contribute to scalable products and tackle real-world engineering challenges.

Education

Delhi Institute of Technology and Management (MDU) 2023 – 2027
Bachelor of Technology in Computer Science and Engineering

Experience

Full Stack Developer Intern – Founding Engineering Team Aug 2026 – Present
VenueBook Hospitality & Events Pvt. Ltd.

- Contributed as part of the founding engineering team, owning features end-to-end across frontend, backend, and database layers with direct involvement in product and technical decisions.
- Built 5+ responsive, reusable UI components using React.js, JavaScript, and Tailwind CSS, replacing static pages across the platform's core booking flow.
- Spearheaded API Development and integrated Microservices using Node.js, Express.js, and PHP, powering 5+ core product workflows and integrating them with frontend features.
- Optimized MongoDB and SQL data access patterns, reducing redundant queries by 25% through schema analysis; applied advanced Debugging to resolve 10+ production bugs and maintained comprehensive Software Documentation.

Teaching Assistant – Data Structures & Algorithms (Java) Aug 2026 – Present
Stealth Startup

- Guided over 100+ students through Java Data Structure and Algorithm curriculum, 250+ one-on-one doubt-resolution sessions, boosting average test scores by 15 points.
- Conducted 150+ code reviews and interview-oriented mock sessions, helping students strengthen Problem Solving, Logical Thinking, and Debugging skills.

Projects

PrepPilot AI | GitHub | *MongoDB, Express.js, React.js, Node.js, Gemini API* July 2026

- Built a full-stack AI mock-interview platform that generates and runs personalized technical and HR interview sessions based on user requirements.
- Implemented secure authentication using JWT and bcrypt, protected REST APIs, and real-time AI voice interaction for a realistic interview experience.
- Built a responsive React frontend with dynamic routing, Axios-based API integration, and protected navigation across 5+ pages.

TradePulse | GitHub | *MongoDB, Express.js, React.js, Node.js* June 2026

- Developed a Zerodha-inspired stock trading platform with real-time market data, watchlists, and portfolio tracking for 20+ simulated holdings.
- Built a responsive React.js and Bootstrap interface and designed REST APIs for authentication, market data, and portfolio management with JWT-based access control.

Technical Skills

Languages: Java, JavaScript, Python

Frontend: React.js, HTML5, CSS3, Next.js, Tailwind CSS, Bootstrap

Backend & Architecture: Node.js, Express.js, REST APIs, API Development, Microservices, JWT, bcrypt

Database: MongoDB, Mongoose, SQL

CS Fundamentals: Data Structures and Algorithms, Object-oriented programming, DBMS, Computer Networks

Practices & Soft Skills: Problem Solving, Debugging, Logical Thinking, Software Documentation, Communication Skills

Tools: Git, GitHub, Version control , Azure (OpenAI, App Services), Netlify

Achievements

- Solved 100+ Data Structure and Algorithm problems across LeetCode, GeeksforGeeks, and Code360.
- Participated in the Microsoft Imagine Cup global student innovation competition and HackerRank Orchestrate a competitive coding hackathon.
- Selected participant in Google Fund My Crazy, a student innovation challenge.
- Served as Head of Corporate Relations, Nexturn Placement Cell – managed industry outreach and internship initiatives.
